Hi folks. I went on line to look at Water Gen's website and found:

<http://water-gen.com/about-us/water-gen-usa/>

First sentence: "Water-Gen USA was formed to work directly within the United States."
[Doesn't say when or where.]

Last sentence: To date, Water-Gen has had tremendous success in demonstrating its products in the United States."

I do not see an US office address or an office phone number.

I tried looking up Water-Gen on Dun & Bradstreet. I found them in Israel, but did not find them in Florida. What US address did the company want to use? Wasn't it Florida?

Unless someone can show me a *bona fide* address in the US, we keep the agreements as they are.

Hi All,

Is the unit being shipped to Cincy – does anyone know?

Please keep Kathleen and Laura on all emails regarding this matter. We all back each other up.

FYI – Kathleen and I will be out all of next week at a Face to Face meeting.

Laura do we need to amend the MTA to list the correct address?

It has not. I spoke with Yehuda yesterday and he was looking for the address for where to ship the unit. My understanding is that it's going to the T&E facility so, im assuming Jim will be the POC for delivery and can give us the address?

I presume this is more in Sarah's wheelhouse. This was not raised on the call yesterday. Has the unit arrived in Cincy?

Mike and Sarah,

Jay and I spoke with Yehuda last week and he was asking to have the subject documents updated to reflect the US-based personnel and addresses. I thought that's what we'd included but, at some point, the Israeli address(es) were written back in. Can we do an amendment to have those addresses updated?
